HANDRAIL INSTALLATION DETAIL, SCALE 1:75

The drawing shows a cross-section of a handrail installation. A vertical steel plate (80x80x6mm) is mounted on a concrete wall. The plate is secured by two vertical anchors (samagri dubeli) which are 40mm in diameter and 60mm in length. A horizontal pipe (40mm diameter, RAL 9010) is attached to the plate. The pipe is 20mm from the wall and 20mm from the top of the plate. The plate is 80mm high and 60mm wide. The concrete wall is 60mm thick. The drawing is labeled with dimensions and material specifications.
