5. Criteria for awarding the contract and assessment procedure

The criteria for awarding the contract and the assessment procedure are set forth in the tender documents.

6. Awarding of contract in lots

In cases where a contract is to be awarded in lots, tenders may be submitted for all or for individual lots; tenders that do not cover a complete lot will not be considered.

The individual and overall prices of each lot are to be specified. In addition, all packaging and transport costs as well as any ancillary costs are to be specified for each lot, as is the overall price if the tender is being submitted for several lots.

7. Inaccurate statements and modification of tender documents

Intentionally inaccurate statements in the contract award procedure and modification of tender documents can lead to exclusion from the contract award procedure.

8. Mandatory accompanying documents and information; compulsory pricing information

The tender must be drawn up in accordance with the Technical Specifications and conditions of delivery.

The tender should indicate for each item the manufacturer and the type designation in accordance with the Technical Specifications, the unit price and total price, the prices of individual potential lots, packaging and shipping costs as indicated in the delivery clause and for the complete service offered, as well as payment terms and delivery dates. A price must be indicated for each requested item.

The tender should additionally be accompanied by technical documentation, data sheets or other documents related to the products offered. The anticipated volume and weight of the shipment and individual lots must be indicated.

9. General Purchase Conditions (Local) for supplying services, materials and equipment in Georgia

The tender must observe the General Purchase Conditions (Local) (Version-December 2024) of the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH. These will become an integral part of the agreement if the contract is awarded.

10. Storage and use of personal data

GIZ stores and processes personal data in compliance with the document 'Information on data processing in accordance with Article 13 of the EU General Data Protection Regulation (GDPR) ('data protection information')', which is attached to these tender documents.

11. Confidentiality

In order to ensure that all interested companies/tenderers are treated equally, tenderers and any consultants working on their behalf are not permitted to obtain any additional or confidential information on the project for which services are being tendered or on the tendering procedure itself from GIZ or any members of its official bodies, or to make use of any such information. This prohibition does not include information that is available to the public or can be accessed by all interested companies/tenderers within the framework of this contract award procedure.

Interested companies/tenderers and any consultants working on their behalf are explicitly prohibited from discussing with GIZ, its staff members or members of its official bodies issues that are related to the project or the contract award procedure without first obtaining written permission from GIZ.

12. Assessment confirming compliance with embargoes and other trade restrictions currently in place

Before entering into any contract, GIZ reserves the right to ascertain the origin of the goods offered. This assessment will be conducted to ensure compliance with embargoes and other trade restrictions in place within the scope of GIZ's due diligence. This is particularly true of the EU sanctions against Russia, Belarus, Crimea and the affected parts of Eastern Ukraine currently in place (primarily the EU Council Regulations No. 833/2014 and 765/2006).

By submitting their tender, the tenderer undertakes towards GIZ the responsibility that in the event of a probable award, the tenderer will provide all necessary support to enable GIZ to ensure compliance with the sanctions regime – this assurance is thus given prior to the award of any contract. This includes in particular the obligation, if so requested by GIZ, to complete a self-declaration to determine the origin of the goods offered and/or to provide GIZ with the required evidence of the origin of such goods. Should the tenderer fail to meet these obligations, or fail to do so within a reasonable period of time, this can result in their tender being excluded.

A contract can only be awarded on completion of this assessment of the origin of the goods offered. Should this check give grounds for concern or reveal facts that constitute a contractual impediment, GIZ shall inform the tenderer without delay. GIZ shall also reserve

the right in such cases to award the contract to the next-ranked tenderer in the competitive tender procedure.

13. No fee payment or cost reimbursement

No fees will be paid or costs reimbursed for the preparation of requests to participate and tenders, or for the participation in presentations and inspections.
