ANNEX 1: SCHEDULE OF REQUIREMENTS

Terms of Reference (TOR)

1. Nature of the consultancy: Creation of the software-based register/electronic management system - Returned Migrant Assistance Programme (RMAP), for registering the personal information and needs of returned migrants and engagement in the State Reintegration Programme.

2. Project Context and Scope:

With the project “Effective Migration Governance for Sustainable Return and Reintegration of Georgian Citizens”, IOM is contributing to effective migration governance in Georgia, and particularly to the improvement of policies, their implementation and intra-governmental coordination for sustainable return and reintegration of Georgian citizens on the basis of sound data and analysis.

State Programme for Supporting Reintegration of Returned Georgian Migrants aims at providing targeted social, economic, medical and consultative services to Georgian returnees with stated needs. Currently, the Ministry of IDPs from the Occupied Territories, Labour, Health and Social Affairs of Georgia doesn’t possess a software-based unified system for registering the personal information and needs of returned migrants and conducting a full-fledged business process. There is no system that could ensure a complete description of the process, reliable, long-term and accurate storage of data, and a timely and automated collection of the data from government entities.

MoLHSA lacks the technical capacity to simplify services, reduce the time, and/or offer rapid, transparent, and flexible services to the beneficiary, also challenging the real time data processing.

IOM, based on the request of the MoLHSA, intends to support the creation of the software-based register/electronic management system - Returned Migrant Assistance Programme (RMAP), for registering the personal information and needs of returned migrants for the provision of reintegration support through the State Reintegration Programme or referrals to other socio-economic programmes and services offered by other state and donor agencies as per the returnees’ identified needs.

The project provides co-funding to the project “Border and Migration Management Action for Georgia (BMMAG) - which is implemented by IOM in partnership with UNHCR and funded by the European Union.

3. Overview of the proposed system

The proposed register should provide more accurate data on returns and rendered support for further analysis, thus serving as an essential tool for furthering the state support to a maximum number of vulnerable returnees. The system will be equally accessible by the MoLHSA respective staff as well as other parties to the system including the beneficiaries. The system should capture returnee-related demographic and socio-economic information for respective service provision in an effective manner.

Furthermore, through all essential channels, the system should ensure communication between the parties engaged, simplify business processes and minimize service time.

Since RMAP, based on its content and purpose, should provide data exchange between multiple users (including external), all the norms and standards (Security, Flexibility, Scalability, High Availability) should be observed, determining the high stability of the system, real-time receiving-processing-giving of data, safe operation and future development perspective. Its core architecture should be based on the SOA (Service Oriented Architecture) principle and be modular (Modular Architecture).

Another important factor that should be taken into consideration while creating RMAP is the structuring/design of the software system, which should be based on DDD (Applied Domain-Driven Design) design and should be in accordance with Modern Software Requirements.

The system should have the following capabilities:

- Registration and verification of the migrant as a beneficiary;

- Authorization of beneficiaries, selection and registration of a returnee needs, as a case;
- Addressing the case;
- Verification of the case with the agencies;
- Response/action from the back-office operator on the case;

In addition, the system must possess:

- System directories/catalogs;
- Case management capability and be Integrated with other systems and software modules

RMAP should be an Internet technology-based system, with ensured high standards of security, both in terms of infrastructure and software, responding to modern challenges and taking into account recognized standards and experiences (Web Application Security Best Practices).

See Appendix_N1_RMAP for a complete technical description and specifications of the system.

For the purpose of this Agreement, SEA shall include:
 1. Exchanging any money, goods, services, preferential treatment, job opportunities or other advantages for sexual favours or activities, including humiliating or degrading treatment of a sexual nature; abusing a position of vulnerability, differential power or trust for sexual purposes, and physical intrusion of a sexual nature whether by force or under unequal or coercive conditions;
 2. Engaging in sexual activity with a person under the age of 18 (“child”), except if the child is legally married to the concerned employee or other personnel and is over the age of majority or consent both in the child’s country of citizenship and in the country of citizenship of the concerned employee or other personnel;
 - (b) Strongly discourage its employees or other personnel having sexual relationships with IOM beneficiaries;
 - (c) Report timely to IOM any allegations or suspicions of SEA, and investigate and take appropriate corrective measures, including imposing disciplinary measures on the person who has committed SEA;
 - (d) Ensure that the SEA provisions are included in all subcontracts;
 - (e) Adhere to above commitments at all times.
- 4.4 The Service Provider expressly acknowledges and agrees that breach by the Service Provider, or by any of the Service Provider’s employees, contractors, subcontractors or agents, of any provision contained in Articles 4.1, 4.2 or 4.3 of this Agreement constitutes a material breach of this Agreement and shall entitle IOM to terminate this Agreement immediately on written notice without liability. In the event that IOM determines, whether through an investigation or otherwise, that such a breach has occurred then, in addition to its right to terminate the Agreement, IOM shall be entitled to recover from the Service Provider all losses suffered by IOM in connection with such breach.

5. Assignment and Subcontracting

- 5.1 The Service Provider shall not assign or subcontract the activities under this Agreement in whole or in part, unless agreed in writing in advance by IOM. Any subcontract entered into by the Service Provider without approval in writing by IOM may be cause for termination of the Agreement.
- 5.2 Notwithstanding such written approval from IOM, the Service Provider shall not be relieved of any liability or obligation under this Agreement nor shall it create any contractual relation between any subcontractor and IOM. The Service Provider shall include in an agreement with a subcontractor all provisions in this Agreement that are applicable to a subcontractor, including relevant Warranties and Special Provisions. The Service Provider remains liable as a primary obligor under this Agreement, and it shall be directly responsible to IOM for any faulty performance under any subcontract. The subcontractor shall have no cause of action against IOM for any breach of the subcontract.

6. Delays, Defaults and Force Majeure

- 6.1 Time is of the essence in the performance of this Agreement. If the Service Provider fails to provide the Services within the times agreed to in the Agreement, IOM shall, without prejudice to other remedies under this Agreement, be entitled to deduct liquidated damages for delay. The amount of such liquidated damages shall be 0.1% of the value of the total Service Fee per day or part thereof up to a maximum of 10% of the Service Fee. IOM shall have the right to deduct such amount from the

Service Provider's outstanding invoices, if any. Such liquidated damages shall only be applied when delay is caused solely by the default of the Service Provider. Acceptance of Services delivered late shall not be deemed a waiver of IOM's rights to hold the Service Provider liable for any loss and/or damage resulting therefrom, nor shall it act as a modification of the Service provider's obligation to perform further Services in accordance with the Agreement.

- 6.2 In case of failure by the Service Provider materially to perform under the terms and conditions of this Agreement, IOM may, after giving the Service Provider 30 days' written notice to perform and without prejudice to any other rights or remedies, terminate the Agreement with immediate effect without liability.
- 6.3 Neither Party will be liable for any delay in performing or failure to perform any of its obligations under this Agreement if such delay or failure is caused by force majeure, which means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, terrorism, blockade or embargo, strikes, Governmental or state restrictions, natural disaster, epidemic, public health crisis, and any other circumstances which are not caused by nor within the control of the affected Party.
- 6.4 As soon as possible after the occurrence of a force majeure event which impacts the ability of the affected Party to comply with its obligations under this Agreement, the affected Party will give notice and full details in writing to the other Party of the existence of the force majeure event and the likelihood of delay. On receipt of such notice, the unaffected Party shall take such action as it reasonably considers appropriate or necessary in the circumstances, including granting to the affected Party a reasonable extension of time in which to perform its obligations. During the period of force majeure, the affected Party shall take all reasonable steps to minimize damages and resume performance.
- 6.5 IOM shall be entitled without liability to suspend or terminate the Agreement if the Service Provider is unable to perform its obligations under the Agreement by reason of force majeure. In the event of such suspension or termination, the provisions of Article 17 (Termination) shall apply.

7. Independent Contractor

The Service Provider, its employees and other personnel as well as its subcontractors and their personnel, if any, shall perform all Services under this Agreement as an independent contractor and not as an employee or agent of IOM.

8. Audit

The Service Provider agrees to maintain financial records, supporting documents, statistical records and all other records relevant to the Services in accordance with generally accepted accounting principles to sufficiently substantiate all direct and indirect costs of whatever nature involving transactions related to the provision of Services under this Agreement. The Service Provider shall make all such records available to IOM or IOM's designated representative at all reasonable times until the expiration of 7 (seven) years from the date of final payment, for inspection, audit, or reproduction. On request, employees of the Service Provider shall be available for interview.

9. Confidentiality

- 9.1 All information which comes into the Service Provider's possession or knowledge in connection with this Agreement is to be treated as strictly confidential. The Service Provider shall not communicate

such information to any third party without the prior written approval of IOM. The Service Provider shall comply with IOM Data Protection Principles in the event that it collects, receives, uses, transfers, stores or otherwise processes any personal data in the performance of this Agreement. These obligations shall survive the expiration or termination of this Agreement.

- 9.2 Notwithstanding the previous paragraph, IOM may disclose information related to this Agreement, such as the name of the Service Provider and the value of the Agreement, the title of the contract/project, nature and purpose of the contract/project, name and locality/address of the Service Provider and the amount of the contract/project to the extent as required by IOM's donors or in relation to IOM's commitment to any initiative for transparency and accountability of funding received by IOM in accordance with the policies, instructions and regulations of IOM.

10. Intellectual Property

All intellectual property and other proprietary rights including, but not limited to, patents, copyrights, trademarks, and ownership of data resulting from the performance of the Services shall be vested in IOM, including, without any limitation, the rights to use, reproduce, adapt, publish and distribute any item or part thereof.

12. Dispute Resolution

- 12.1. Any dispute, controversy or claim arising out of or in relation to this Agreement, or the breach, termination or invalidity thereof, shall be settled amicably by negotiation between the Parties.
- 12.2 In the event that the dispute, controversy or claim has not been resolved by negotiation within 3 (three) months of receipt of the notice from one party of the existence of such dispute, controversy or claim, either Party may request that the dispute, controversy or claim is resolved by conciliation by one conciliator in accordance with the UNCITRAL Conciliation Rules of 1980. Article 16 of the UNCITRAL Conciliation Rules does not apply.
- 12.3 In the event that such conciliation is unsuccessful, either Party may submit the dispute, controversy or claim to arbitration no later than 3 (three) months following the date of termination of conciliation proceedings as per Article 15 of the UNCITRAL Conciliation Rules. The arbitration will be carried out in accordance with the 2010 UNCITRAL arbitration rules as adopted in 2013. The number of arbitrators shall be one and the language of arbitral proceedings shall be English, unless otherwise

agreed by the Parties in writing. The arbitral tribunal shall have no authority to award punitive damages. The arbitral award will be final and binding.

- 12.4 The present Agreement as well as the arbitration agreement above shall be governed by the terms of the present Agreement and supplemented by internationally accepted general principles of law for the issues not covered by the Agreement, to the exclusion of any single national system of law that would defer the Agreement to the laws of any given jurisdiction. Internationally accepted general principles of law shall be deemed to include the UNIDROIT Principles of International Commercial Contracts. Dispute resolution shall be pursued confidentially by both Parties. This Article survives the expiration or termination of the present Agreement.

13. Use of IOM Name, Abbreviation and Emblem

The Service Provider shall not be entitled to use the name, abbreviation or emblem of IOM without IOM's prior written authorisation. The Service Provider acknowledges that use of the IOM name, abbreviation and emblem is strictly reserved for the official purposes of IOM and protected from unauthorized use by Article 6^{ter} of the Paris Convention for the Protection of Industrial Property, revised in Stockholm in 1967 (828 UNTS 305 (1972)).

14. Status of IOM

Nothing in or relating to the Agreement shall be deemed a waiver, express or implied, of any of the privileges and immunities of the International Organization for Migration as an intergovernmental organization.

15. Indemnity

The Service Provider shall at all times defend, indemnify, and hold harmless IOM, its officers, employees, and agents from and against all losses, costs, damages and expenses (including legal fees and costs), claims, suits, proceedings, demands and liabilities of any kind or nature to the extent arising out of or resulting from acts or omissions of the Service Provider or its employees, officers, agents or subcontractors, in the performance of this Agreement. IOM shall promptly notify the Service Provider of any written claim, loss, or demand for which the Service Provider is responsible under this clause. This indemnity shall survive the expiration or termination of this Agreement.

16. Waiver

Failure by either Party to insist in any one or more instances on a strict performance of any of the provisions of this Agreement shall not constitute a waiver or relinquishment of the right to enforce the provisions of this Agreement in future instances, but this right shall continue and remain in full force and effect.

17. Termination

- 17.1 IOM may at any time suspend or terminate this Agreement, in whole or in part, with immediate effect, by providing written notice to the Service Provider, in any case where the mandate of IOM applicable to the performance of the Agreement or the funding of IOM applicable to the Agreement is reduced or terminated. In addition, IOM may suspend or terminate the Agreement upon **thirty (30) days'** written notice without having to provide any justification.
- 17.2 In the event of termination of this Agreement, IOM will only pay for the Services completed in accordance with this Agreement, unless otherwise agreed in writing by the Parties. The Service

Provider shall return to IOM any amounts paid in advance within 7 (seven) days from the notice of termination.

- 17.3 In the event of any termination of the Agreement, upon receipt of notice of termination, the Service Provider shall take immediate steps to bring the performance of any obligations under the Agreement to a close in a prompt and orderly manner, and in doing so, reduce expenses to a minimum, place no further subcontracts or orders for materials, services, or facilities, and terminate all subcontracts or orders to the extent they relate to the portion of the Agreement. Upon termination, the Service Provider shall waive any claims for damages including loss of anticipated profits on account thereof.
- 17.4 In the event of suspension of this Agreement, IOM will specify the scope of activities and/or deliverables that shall be suspended in writing. All other rights and obligations of this Agreement shall remain applicable during the period of suspension. IOM will notify the Service Provider in writing when the suspension is lifted and may modify the completion date. The Service Provider shall not be entitled to claim or receive any Service Fee or costs incurred during the period of suspension of this Agreement.

18. Severability

If any part of this Agreement is found to be invalid or unenforceable, that part will be severed from this Agreement and the remainder of the Agreement shall remain in full force.

19. Entire Agreement

This Agreement embodies the entire agreement between the Parties and supersedes all prior agreements and understandings, if any, relating to the subject matter of this Agreement.

20. Final Clauses

- 20.1 This Agreement will enter into force upon signature by both Parties. It will remain in force until completion of all obligations of the Parties under this Agreement unless terminated earlier in accordance with Article 17.
- 20.2 Amendments may be made by mutual agreement in writing between the Parties.
