Programme: Private Sector Development and Technical Vocational Education and Training Programme South Caucasus (PSDTVET SC)

PN: 16.2179.6-001.00

AV: Johannes Strittmatter

Activity: Georgian-German TVET Days

Period: 04.2019 – 08.2019

1. Brief information about the programme

Germany is a long-standing partner to Georgia to modernise and reform the Georgian Technical Education and Vocational Training (TVET) System. With significant contributions and funds from the German people and the German Government, several German organisations support their Georgian partners in improving the Georgian TVET conditions overall.

Among the German organisations working on TVET in Georgia are the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH, the Kreditanstalt für Wiederaufbau KfW, Sparkassenstiftung für internationale Kooperation (SBFIC), Deutsche Wirtschafts Vereinigung (DWV), Caritas Georgia, Deutscher Volkshochschul-Verband e.V. (DVV), Sequa gGmbH.

These organisations work closely together and support their Georgian partners such as Ministry of Education, Science, Culture and Sports, LEPLs, The Ministry of Economy and Sustainable Development of Georgia, the Ministry of Regional Development and Infrastructure of Georgia, National Forest Agency.

Being good partners in TVET since a long time, Georgia and Germany will celebrate their strong ties and long-term cooperation with an immense event in June 2019 that shall attract and inform young people about TVET programmes in Georgia being supported by the German Government, and help bringing people, experts, and thoughts from the two countries together.

2. Context and current situation in the field of assignment

On 15-16 June 2019, the Ministry of Education, Science, Culture and Sports together with the Government of Germany, represented by the German Embassy, will celebrate their long cooperation on modernizing the Vocational Education and Training (VET) in Georgia. During a 2-day event in Tbilisi, the Georgian side together with its various German partners will present their remarkable achievements to the Georgian public.

The event will serve as a platform for two countries and their institutions, organizations, and companies to showcase and demonstrate joint success stories highlighting:

- Georgian-German bilateral cooperation
- The relevance of TVET for employment
- The relevance of TVET for economic development

The goal of the of the Georgian-German TVET Days (GGTD) is: The Georgian side represented through the Ministry of Education, Science, Culture and Sports, and other MDAs, together with its German partners, have informed thousands of young Georgians on TVET topics in a tangible and appealing manner, building upon their many successes of a long-standing partnership. The GGTD will also serve to facilitate expert and knowledge exchange to create new impulses for the further modernization of the Georgian TVET system.

The GGTDs are planned to take place on 15-16 June 2019. The locations will be Republic Square, Radisson Blue Iveria, and Republica. The GGTDs will be structured as follows:

	15 June 2019	16 June 2019
Morning	<ul style="list-style-type: none"> • Public Outreach Event • Regional Interaction • Expert talks and conferences 	<ul style="list-style-type: none"> • “Skills4Georgia” talks
Noon	<ul style="list-style-type: none"> • Public Outreach Event • Regional Interaction 	<ul style="list-style-type: none"> • “Skills4Georgia” talks
Afternoon	<ul style="list-style-type: none"> • Public Outreach Event • Regional Interaction • Expert talks and conferences 	
Evening	<ul style="list-style-type: none"> • Closing Ceremony • Regional Interaction • Public Outreach Event with Public Concert 	

The GGTD will be implemented in various formats. The formats will be:

Public Outreach Event¹:

- Location: Republic Square in Tbilisi, the traffic will be blocked
- Time and date: Saturday, 15 June
- Expected number of visitors: around 15.000, general public
- Purpose: To inform general public about TVET with a specific focus on the three core Mottos above
- Format: tangible and engaging, informative, and illustrative

“Republic square” serves as a central attraction: Georgian-German partnerships present themselves in a tangible and attractive manner, showcasing their achievements of the last years. The square will comprise of various thematic zones (sectors, institution, organizations and companies involved in the dTVET), each zone, in tangible, informative and illustrative way, will demonstrate the achievements, results, vocational education and

employment opportunities sector-wise and will present vocations linked to sectors in engaging and creative way.

In addition to various thematic zones, the Republic square will include the food spots, the info kiosks, the books' spots (with publications from various Georgian-German cooperation projects), the café spots, the printing, and the fab lab spots. The area will give each visitor the opportunity to eat, read, rest, entertain, or buy various on-spot produced goods (T-shirts, cups, bags, etc.)

On the evening of the first day GGTD, Georgia and Germany will celebrate their strong and good partnership with an open and public concert at Republic Square with famous Georgian Groups and Artists.

Expert talks and conferences

To facilitate professional, expert, and academic exchange, "Expert talks and conferences" will take place on the first day of GGTD.

Experts from Georgian and Germany, both from academic, political and business sphere, are deliberating discuss jointly relevant topics on TVET. The target audiences will be TVET experts, interested public, university staff, politicians, technical and professional staff from Ministries and LEPLs, as well as private sector representatives.

The location is planned to be Radisson Blu Iveria at the Republic Square. The talks will be held in parallel sessions in the morning as well as afternoon.

"Skills4Georgia" talks²

This event format is intended to bring performers and successful persons from businesses, society, science field, and politics to deliberate on experiences, success stories on skills for Georgia in future.

The format is planned to be an open-space format that allows for an interaction with the audience in an appealing manner.

The "Skills4Georgia" talks shall take place on the second day of GGTD at Republica from morning till noon. The focus will be on required new skills/future topics and TVET solutions. The event will be open to interested Georgian Public

Closing Ceremony³

The ceremony will be attended by German and Georgian high-level officials, politicians, and business people, and the media (up to 100 person).

The purpose of the closing ceremony is to conclude on the bilateral cooperation and long-standing partnership, summarize the first day's results, and provide the stage for press statements and photos.

The ceremony will take place on the evening of 15th of June (before the public concert), in Republica.

Regional interaction:

In regions of Georgia, students and young people interested in TVET shall have the opportunity to participate on the GGTD in Tbilisi. For that purpose, Tbilisi shall be interactively linked with the regions during the GGTD through massive digital dialogue using the following formats:

- Moderated Social Media Channel (FB) serving for Q&A – (day 1 and day 2)
- Digital Art Installation based on collected thoughts from the regions. Collection of thoughts and ideas shall happen at terminals being then displayed on large (public) screens in Tbilisi

2. Conditions of the assignment

2.1 Objective

The goal of the of the Georgian-German TVET Days (GGTD) is: The Georgian side represented through the Ministry of Education, Science, Culture and Sports, and other MDAs, together with its German partners, have informed thousands of young Georgians on TVET topics in a tangible and appealing manner, building upon their many successes of a long-standing partnership. The GGTD will also serve to facilitate expert and knowledge exchange to create new impulses for the further modernization of the Georgian TVET system.

2.2 Scope of Work

In close coordination with GIZ PSDTVET and the MoESCS the contractor shall provide the following services:

3.2.1 Conceptual Work

The contractor shall – as the first step – create a concept of the event setup, including its side events, to serve as a base for further discussions and agreements to be taken. The concept shall reflect the different locations, various event formats, and various cross-cutting issues. The concept shall reflect the areas and locations for:

- The Republic Square for the Public Outreach Event and the Public Concert
- the Radisson Blue Ivera for Expert Talks and Conferences,
- the Republica for a Closing Ceremony and “Skills4Georgia” talks.

The contractor will, along with the technical concepts, provide a timeline with milestones or an operational plan, including staff plan

Public Outreach Event

Based on on-site measurements and assessments, the contractor shall create an area map of the Republic Square. The area map shall consider dividing the Republic Square into parts to host various zones, formats and setups of installations.

The Public Outreach Area will require a specific outline regarding

- thematic zones
- public spots
- concert area

A thematic zone is meant to be presented in a tangible, informative and illustrative way, and shall demonstrate the achievements and results in the vocational education as well as employment opportunities per sector. The contractor should bring the thematic zones and public spots together in a comprehensive, coherent and visually attractive way, that are logically linked to one another, and underline the three mottos of the GGTD listed above.

Example: The thematic zone on the topic “TVET in construction” could be: The zone is located on the right side from the entrance and is designed as a (close to) real

construction site. Within the zone, usage of caterpillars (for instance from Georgian and German construction companies), pipes (e.g. Georgian and Water and Power), building material (from construction companies) shall be interactively showcased. Also, selected VET Colleges, and Infrastructure Construction Companies' Association, as well as Occupational Health and Safety (OSH) trainees and the representative of the Ministry of the Internally Displaced Persons, from the Occupied Territories, Labour, Health and Social Affairs of Georgia (MoOLHSA) will be present and inform about their services. The whole site describes many aspects of construction, represented through Georgian and German companies involved in TVET.

The contractor is responsible to design and assemble thematic zones in close collaboration with the private sector companies (Georgian, German) and make use of their products as the part of the main decorations.

Up to 17 such zones are to be outlined in the concept. The full list of thematic zones is attached in annex 1.

Similarly, public spots are to be designed for the public outreach area. A public spot is such as: the food spots, the info kiosks (for info materials from participating and supporting companies), the books' spots (the Georgian and/or German publications), the printing spots, café spots. The public spots will give each visitor the opportunity to eat, read, rest, entertain, or buy various on-spot produced goods (T-shirts, cups, bags, etc.).

For both, the thematic zones and the public spots, the contractor shall outline in the concept on the following:

- a. List of involved companies and institutions for each zone
- b. List of requisites/ attributes/ materials for each spot or each zone
- c. Decorations
- d. Mock up for each zone

The contractor will closely collaborate and use the resources of various Georgian and German organizations/companies that can be integrated in overall set up, for assembling the thematic zones public spots.

With regards to the concert, the contractor shall provide a list of artists, including their financial offers and technical requirements.

The entire public outreach event shall consider measures for ecological-friendly event implementation. The concept will elaborate to the best extend possible measures that will help minimizing ecological impact.

At the end of the conceptual work, the contractor shall provide a 3D Render of the "Republic Square" to visualize in detail the planned public outreach event. The 3D render shall be presented to the GIZ PSDTVET for approval.

After the 3D Render of the "Republic Square" if finally approved the contractor shall provide the GIZ PSDTVET with the mock-ups for the following events:

- Expert Talks and conference
- Closing Ceremony
- "Skills4Georgia" talks
- In addition, the contractor will provide include in its conceptual work some outlines on the Regional Interaction Activities.

Closing Ceremony:

The contractor shall conceptualize a design the scenario and appearance of the ceremony, including proposing the agenda and setting-up a media corner

Partner involvement and stakeholder coordination

The contractor shall outline coordination concept of partners and stakeholders, and create a timeline

Branding Concept

The contractor shall outline the overall branding concept (incl. corporate colours and style). The contractor shall create the overall umbrella branding for the event and shall produce and design the thematic zones in accordance with. Nevertheless, the contracted company should integrate the GGTD partners' branding materials in the overall Design.

Regional Interaction:

For the regional interaction, the contractor will present a concept how to ensure the digital dialogue among regions and Tbilisi through the TVET colleges countrywide. For example, setting up terminals with screens at TVET colleges where a text-based interaction and communication is screened.

3.2.2 Partner Coordination and Stakeholder Work

Based on the coordination concept of partners and stakeholders, and after approval for the various concepts, the implementation of the outlined activities and defined measures is to be conducted. The preparation and implementation of the event is largely driven by coordination with partners. For that purpose, the contractor is responsible to:

1. Prepare the coordination work, the contractor will:
 - a. Create a list of partners' inventories– products, material contributions from partners (e.g. such as trucks for construction zone), services
 - b. Create the list of requisites/ attributes that can be used for zones or spots
2. Coordinate involved institutions and organizations
 - a. Radisson Blue Iveria and Republica
 - b. Tbilisi City Hall
 - i. Dept. of Culture (Supply of the electricity and water, Stage, Lights, Sound, Tech equipment)
 - ii. Dept responsible for cleaning services (Extra trash bins, Extra personnel)

- Goodie bags
- Game instructions

The contractor will provide material preparation for digital-based services for the regional interaction as developed in the concept.

In addition, the contractor will produce and install info screens at the GGTD.

3.2.4 Running the Events

The contractor will provide services to install and de-install all materials to the requirements of the client as a full-service package. During the events (public outreach event and public concert, expert talks and conferences, closing ceremony, Skills4Georgia talks, regional interaction) the contractor is responsible for overall management and

coordination, installation, de-installation, and other details/activities required in the process for smooth implementation of the public outreach and other side events.

The contractor will have one full day, 14th of June, for the installation of the thematic zones and other decorations on the “Republic Square”. After the concert is finished on 15th of June, the contractor will have a night for de-installation of the constructions on the square.

The contractor together with the Radisson Blue Iveria event management team shall manage and coordinate the expert talks and conference and shall decorate the venue with visibility materials according to the GGTD branding.

The contractor together with the Radisson Blue Iveria event management team shall prepare the venue and will manage and coordinate the closing ceremony as well as the Skills4Georgia talks. The company shall brand and decorate the Republica venue according to the GGTD corporate style (branding).

With regards to the public concert, the contractor shall coordinate and oversee the stage setup, sound check, and other processes.

3.2.5 Reporting

the contractor shall provide detailed information on the successfully implemented GGTDs by:

- Providing statistics of visitors to the Public Outreach Event on Day 1
